

Empowering Communities. Enriching Lives.

At Justo, we believe in building more than real estate — we build hope, enable growth, and invest in a better tomorrow. Our Corporate Social Responsibility (CSR) efforts are grounded in the belief that every small step can lead to lasting change.

Our initiatives focus on community well-being, sustainability, and social inclusion, reflecting our commitment to being a responsible and compassionate force in society. By collaborating with non-profits, local organizations, and volunteers, we strive to make a real impact — one act at a time.

OUR COMMITMENT IN ACTION

Our First Step Toward Change

In August 2024, we partnered with the Konark Foundation to support cancer patients by contributing **10 Lakhs** to their treatment and care. This was our first formal CSR initiative — a meaningful start to a journey focused on compassion, dignity, and hope.

Spreading Warmth and Care

In January 2025, we reached out to senior citizens at Smit Old Age Home and Care Foundation (Thane) and Kartavya Old Age Home (Pune). We donated groceries and blankets, and more importantly, spent time engaging in song, dance, and heartfelt conversations, reminding them that they are valued and loved.

Prioritizing Vision and Well-being

In March 2025, we organized comprehensive eye check-up camps for labourers and their families at the Puneville and Pebbles Greenfield sites, benefiting over **600 construction workers** and **their families**.

Services offered:

- Vision & cornea assessment
- Cataract & glaucoma screening
- Retina check-up (undilated)
- Spectacle power diagnosis
- Guidance on surgical intervention

Over **210 spectacles** were distributed to individuals in need of vision correction, and **35 surgeries** were facilitated to provide proper care—ensuring that the hands that build our homes are also looked after.

THE HEART OF OUR MISSION

Each initiative reflects **our belief that real progress goes beyond profits.**

It lies in uplifting people, protecting dignity, and fostering connection.

At Justo, **empowering communities** and **enriching lives** isn't just a philosophy — it's our purpose in action.
